ABOUT US

Sisu Partners is an independent corporate finance advisory firm founded by well-known and experienced corporate financiers.

We provide advisory services in full range of transactions, including M&A, debt and equity financing and special situations for businesses, private investors, lenders, government agencies, private individuals and families.

The founding partners can draw from vast experience of more than 300 completed transactions, many of them cross-border deals. The size range has been from some tens of millions to the largest deals in the Finnish corporate history, some of which have been public takeovers.

We are a member of the international Midcap Alliance corporate finance network, which complements our cross-border transaction offering with international industry expertise and key relationships.
